

PORTABLE LASER DAZZLER

Developed by DRDO, Ministry of Defence, Govt. of India

Transfer of Technology (TOT) from DRDO, Ministry of Defence

- Operational range 50 metres.
- Capable for counter-insurgency operations, anti terrorism and mob control.

SPECIFICATIONS

Operational Range	: 50 meters
Output Wavelength	: 532 nm, Green Laser, Randomly flickering output
Laser type	: DPSSL
Weight	: 1100 gm
Battery Source	: Inbuilt Li-ion Rechargeable battery 7.2 V
Battery Charger	: External battery charger, works on 220V, 50Hz
Safety Lock	: Password protection.
Material	: Made out of glass filled nylon plastic
Dimensions	: 260mm(L) x 170mm (W) + 5%
Thickness	: 40 mm +5%
Hand grip size	: 65mm + 5% —
Head size	: 60mm X 40mm + 5%
Operating temp	: - 10°C to +50°C, 95%RH
Continuous operation	: 3 hours in one charge
